47/05	The Chair to discuss with the UNC the addition of a cross-Code impacts column to the Central Modifications Register.	Chair (DK)	11 Apr 23	13 Jun 23	A column already exists in the CMR to highlight any other Codes impacted by a particular Modification or Change Proposal. We ask the Forum's views on whether this column should also reference the relevant change numbers as well as the impacted Code, for ease of cross-referencing. If the Forum agrees, the UNC can add this in from the next update.	Propose to close
