Paper Reference	**CACoP_47_1104_01**
Action	**For Decision**

CACoP Forum actions update

Ref	Action	Owner	Date raised	Date due	Update	Status
43/02	All Codes to review the diagrams provided by the REC. The REC to then share these for publication on the CACoP website following review and amendments.	REC (TP)	11 Oct 22	8 Nov 22	The diagrams have now been finalised and published on the CACoP website.	Propose to close
46/01	The Chair to reach out to the CUSC, the D-Code, the Grid Code and the STC representatives to discuss the proposal that these Codes become CCSG members.	Chair (DK)	14 Feb 23	11 Apr 23	The Chair has reached out to the Forum representatives from these Codes. A paper summarising the discussions and recommended way forward is being presented at this Forum meeting (item 7).	Propose to close
46/02	The REC (CB) to reach out to the Ofgem CCSG representative to discuss the proposal for expanding the CCSG membership and understand if there were any reasons why the technical Codes were originally not included in the CCSG membership.	REC (CB)	14 Feb 23	11 Apr 23	There has been no update received on this action.	Open

Ref	Action	Owner	Date raised	Date due	Update	Status
46/03	The Chair to update the dynamic work plan and publish this on the CACoP website.	The Chair (DK)	14 Feb 23	11 Apr 23	The updated plan was circulated to the Forum for comments. No comments were received, and so the plan has been published on the CACoP website.	Propose to close
46/04	The Chair, RECCo (PD) and the REC (CB) to confirm the input and support the Forum can provide on the RECCo digitalisation strategy, for addition to the dynamic work plan.	The Chair (DK)/RECCo (PD)/REC (CB)	14 Feb 23	11 Apr 23	RECCo and the REC discussed this in March, and agreed a separate workshop would be established to look further at metadata ownership. RECCo is seeking appropriate representatives from each Code for this workshop. The outputs from this workshop will also be shared with the Forum. A fuller update on this will be provided at the Forum meeting (item 5).	Propose to close
